Base Reuse Committee

A recommendation from the Base Reuse Committee that the England District advertise for a consultant for the Master Plan and negotiate an agreement with the Rapides Parish Airport Authority to participate in an FAA feasibility study which will be part of the Master Plan was tendered.

On motion from Com. Bruser, seconded by Com. DeWitt that the Board of Commissioners of the England Economic and Industrial Development District advertise for a consultant for the base reuse study which will include as a separate element (cost identifiable), the required FAA feasibility study.

Further, that the England District and the Rapides Parish Airport Authority will negotiate an intergovernmental agreement for the purpose of bringing the RPAA formally into the aviation feasibility element of the base reuse study. The agreement will
contain a conflict clause which will state that the RPAA will defer to the England District in any matter of conflict.
